

PERSONAL AI EMPLOYEE

Meet MeAI

Your sister's dedicated AI assistant — built by HireAI to think, remember, and work 24/7.

WHAT IS MELAI?

Not a chatbot.

An AI Employee.

MelAI is a **custom AI instance** built specifically for Melanie — powered by the latest AI models and connected to her tools, calendar, email, and more.

"It remembers everything I've told it — even weeks later."

MEMORY

Remembers decisions, preferences, and context across every conversation.

ALWAYS ON

Available 24/7 on Discord, Telegram, and more. Never takes a day off.

CONNECTED

Linked to Gmail, Calendar, Google Drive, and can browse the web live.

CAPABILITIES

What MeAI *actually* does

Research & Search

Live web searches, property hunting, market research, news summaries

Writing & Drafts

Emails, contracts, social posts, proposals — any tone, any style

Build Websites

Full web apps, landing pages, dashboards — deployed live in hours

Calendar & Email

Checks Gmail, manages schedules, sends reminders and alerts

Analysis & Strategy

Business decisions, trading analysis, contract reviews, comparisons

Proactive Support

Checks in, sends reminders, flags opportunities — without being asked

THE PRODUCT

Built by *HireAI*

HireAI creates custom AI employees for individuals and businesses — each one fully personalized, trained on your context, and connected to your tools.

24/7

Always available

30

Day money-back

24h

Setup time

 **PERSONALIZED NAME**

Your AI gets a custom name and personality built around how you work.

 **PRIVATE & SECURE**

Your own dedicated instance — not shared with anyone else.
